

PRESTON BISSETT ADVENT WINDOWS 2025

This December, we're bringing a bit of festive magic to our village with **Advent Windows** — our very own living advent calendar!

Each evening from **1st to 24th December**, a different household will “open” their decorated window. By Christmas Eve, we'll have a trail of 24 beautifully lit windows to enjoy as we walk around the village.

✨ What Is an Advent Window?

- You choose one December date (1–24).
- On your date, you **reveal your decorated window** — turn on the lights or uncover your design at around **5:00–6:00pm**.
- Keep it lit each evening from your date onward, so everyone can enjoy it when they walk past.
- By Christmas Eve, the village will be glowing with festive spirit!

✍️ What Do I Need to Do?

1. **Pick a date and email bertiepps@gmail.com with your preference.**
2. **Decorate a window** that's visible from the street — inside or outside your home.
 - You can use lights, paper cut-outs, painted scenes, Nativity themes, or winter scenes — anything festive!
3. **Reveal your window** on your chosen day and keep it lit nightly until Christmas Eve.
4. Optional: add your **house number** or **date number** somewhere in your display.

✨ Ideas for Your Window

- A Christmas carol or story scene
 - A winter wonderland
 - A stained-glass-style paper design
 - The number for your day (e.g. “12”)
 - Children's artwork
 - Or keep it simple — fairy lights and snowflakes always look lovely!
-

How It Works

- We'll share a **calendar and map** showing which house lights up on which date.
- Each evening, families can enjoy finding the newly revealed window.
- There's **no competition** — just a lovely way to spread festive cheer and bring us together.

Last but not least – would you like Mary and Joseph to visit?

- Mary and Joseph and the donkey would love to stay with you on their way to the church where they will complete the nativity scene on Christmas Eve. If you would like to give them a home for the night, please let Bertie know and we will add you to the list!

Please provide all the information needed to make a map!
